FOR IMMEDIATE RELEASE

Community Update: Melissa Schools Move, Enrollment & Registration

Melissa Schools Move Progress

The Melissa Schools Move has continued this summer as three schools in Melissa relocate to new facilities.

North Creek Elementary and the first phase of the new Melissa High School building are nearly complete. The elementary, middle, and high school staff will soon move into their respective facilities and begin preparing for the 2018-19 school year.

The patience and support of the community has been appreciated during this transition at Melissa Schools.

Student Enrollment & Registration

In conjunction with the move, online registration has opened for students who will return to Melissa Schools for the 2018-19 school year. Online enrollment is also open for students who are new to the district.

During the Returning Student Registration process, please be reminded to first review the prerequisites for registration. Then, please print and read the Returning Student Registration instructions.

To begin the Returning Student Registration process, please visit www.melissaisd.org/register.

To begin the New Student Enrollment process, please visit www.melissaisd.org/enroll.
